STOCK AND OTHER INTERESTS IN NEVADA.

More than a year ago we noticed in the JOURNAL that we were persuaded that better and more prosperous times in the near future would come to the State. The indications then given have been more than verified by improvement in all industrial departments. Confidence had made an appearance by a general expression respecting the future, which had its origin in a few investments that were then made; also in other investments that were then expected to be made in the near future.

A few of the expected investments were not made, but others to which public attention had not been directed were made, which more than supplied the missing links caused by failures to close expected investments, without material results. As the months have passed each has closed to an observer of the times, marking at its close an improvement in some, if not in all, avenues of business.

Mining enterprise in the State has received more attention from capital than any industry there is in it that claims public attention. The cause for mining interest receiving more attention from capital than others is ascertained to be largely in the readiness there is in mining enterprise to secure returns from investments and the general buoyancy there is in the hope of making more money than there is in sight, which latter all miners know is true. Mine exploitation, with a reasonable prospect within the knowledge of the miner, is to him all the song of the sirens of mythology was to the unfortunate sailor on the Mediterranean, and if possessed of hope largely developed he will follow the prospect till the hoped for mine and himself have closed at the ragged edge of nothing.

These are the chief causes that operate as a stimulus to mining enterprise, and which will continue to act upon the human mind when a mining field is discovered that gives returns, many of which fields are in Nevada, that need development only to attract the attention of miners at the uttermost parts of the earth. Silver we have in abundance, which the gold power has given a black eye by knocking it out of time to aid its industry of robbing the people, but the extensive and diversified mineral deposits there are in the State will now and in the future continue to place it where it belongs among the mineral producing countries on the earth. Public attention has been within the last year directed to Nevada's extensive mineral wealth as it has not been before that time, which attention will continue in the future to increase as progress is made in the development of paying mine properties.

The prospector with his hammer-pick in his hand is out and at work all over the State and some discoveries have been made that are rich in minerals which are in demand for use in the utilities applied to commerce and civilization. Like discoveries will continue to be made till electric power and light will cause our mountains and valleys at night to take the appearance of day which a restless and progressive world, where ever enterprise and commerce are, is speedily redoubling to an accomplished fact.

There is not a State or territory west of the Missouri river that produces more or as many cattle, sheep and horses as the State of Nevada. The chief causes for its superior position as a stock producing and stock growing country is its climate and its range and other grasses that stock feed upon in the summer and in the winter season. The bovines produced in the State are sought for in eastern markets because they are in better form than are any cattle taken to market from the mountain west or from the south. Sheep from the State are also in demand because of their excellent quality and healthy condition. All stock taken to market from the State are in demand as feeders or for stock purposes animals from the State, like the people, are healthy as they have the benefit of a first class climate, pure water and pure air and they have also the benefit of first class food derived from the finest soils on the continent.

When the world knows Nevada as it is it will receive notice in a way that will not include its barren sands as they are now termed, which contain more vegetable food properties than there are in the black loam in the Mississippi valley. There is a work the people have neglected and by their neglect have injured themselves by per-

mitting word misrepresentation made by others about the State to pass without any effort to counteract them, which false statements have largely injured the State when made by allowing them to pass as truth by our silence. There has not been a country in the United States that has received more vilification to its injury than Nevada, and its people have been made to share the effect of the falsehoods there have been applied to injure it.

What is most needed is a just representation to the country at large of the natural wealth there is in the State coupled with a challenge to those who have injured us to equal it, which they cannot do. When we have said challenge we mean it because we know there is not a State in the Union whose products can equal the products of Nevada. Its milk and honey will flow to all comers who will help themselves by making it flow their way, which may be accomplished and the benefits secured by an ordinary effort made by willing hands.

BOERS ARE VICTORIOUS.

Special to the JOURNAL.

BUSHMANS KOPPE, April 2.—The Boers who captured six guns and 200 men from Colonel Broadwood's Household guards were hidden in Spruit under the command of Colonel Reichman, a German-American. The British walked deliberately into a trap. One hundred and fifty were killed and 200 captured. Had it not been for Colonel Broadwood's splendid handling of troops the entire regiment would have been captured.

It would be impossible to conceive anything more ingenious than Boer and only wonder is that a single man escaped. When convoy was first attacked, a galling fire was poured into them from three sides. Scene of frightful confusion ensued. The mules stampeded and wagons overturned, while concealed the enemy poured in a murderous fire. Correspondents described the scene of battle as one of the most terrible spectacle of war. Horses lay stiffened in various attitudes of sudden death and mingled among them were ghastly human bodies with wrecked wagons, food and forage scattered wide. Everything told a terrible tale surprise and carnage.

Mining Excitement in Arizona.

Special to the JOURNAL.

JEROME, Ariz., April 2.—A great rush is on to Mineral Point from this place. On Saturday last a marvelous specimen of ore containing more gold than rock, was discovered by M. E. McClure and Supt. Wheeden of the United Verde and Pacific Railway in a vein on Martha claim. It assays \$19,300 per ton and has set district wild. It is fifteen miles northwest of Jerome and over 200 claims were staked yesterday and today. Country has been gone over by prospectors for years but nobody ever suspected the presence of rich free gold in surface quartz.

Will Succeed Mormon Roberts.

Special to the JOURNAL.

SALT LAKE, April 2.—Judge Wm. H. King was to-day elected to succeed to the seat of Roberts in Congress, defeating J. T. Hammond, Republican, by over 2,000 majority.

King is a Democrat and made his race on a platform condemning unseating of Roberts.

Helena Goes Republican.

Special to the JOURNAL.

HELENA, Mont.—Republicans elected mayor and six out of seven aldermen. In Butte Democrats elected mayor and five out of eight aldermen, losing two, making council tie. In Anaconda three Democratic and three Republican alderman were chosen.

I make suits for 25 per cent less than other tailors; all wool business suits from \$20 to \$25; dress suits, \$25 to \$35; pants, from \$5 to \$12. All work kept in repair free of cost. Harry L. McDuffee, merchant tailor, 234 Virginia street.
We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself began to catch cold we begin to use the cough remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MEARLE, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by Wm. Pinniger.
It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at the drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The drug-gist, Mr. Otto scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Wm. Pinniger.
Cold Steel or Death.
"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. I. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her frightful case of stomach trouble and yellow jaundice. He didn't count on the marvellous power of Electric Bitters to cure Stomach and Liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It is positively guaranteed to cure Stomach, Liver and Kidney troubles and never disappoints. Price 50 cents at B. J. Hodgkinson drug store.
Grand Easter Opening.
Pattern hats and bonnets, Monday, Tuesday and Wednesday, April 23, 3d and 4th. It will pay the ladies of Reno to price goods here before buying elsewhere.

THE FISHING SEASON OPENS

Sunday Was the Day and it Seems as if all the Sports Went Fishing.

Any chance passer-by who had occasion to cross the bridge over the turbulent Truckee last Sunday morning after 12 or 1 A. M., would have received a mild scare.
Had he or she, whoever it chanced to be, been afraid of spirits.
Strange, weird sounds were wafted by the mountain breezes from the river banks. One who is not conversant with the game laws of our State would have imagined, upon hearing the violent rumblings and swishings along the waterside, that the elfs and goblins of fairy lore were holding high revel. Had there been a searchlight mounted upon the parapets of the iron bridge, capable of penetrating the Stygian darkness which enveloped Reno last Saturday eve, and had the aforesaid passer-by possessed the lynx-eye of our local Sherlock Holmes—Officer Leeper—he would perceive some three hundred or more disciples of Izaak Walton, numbering among them scores of well known local lights; some with rod and line tempting the unsophisticated members of the finny tribe, while others had provided, themselves with blankets and evidently only awaited the coming of the dawn to begin their operations. The scene in itself would remind one of a crowd of homesteaders preparing to make a rush for claims in newly opened territory.
Shortly after daybreak the banks of the river presented an interesting view. The anglers were equipped with a variety of tackle, from the jointed and costly rod of the merchant to the common bamboo of the small boy.
It is lawful according to the laws of Nevada to catch trout during the year between April 1st and October 1st.
Some of the catches reported were record breakers, otherwise not. Among those who are entitled to have their catches recorded among the latter were Otto Herz, who was rewarded for his superhuman efforts by the landing of two bullfrogs and a diminutive snake. Mr. Herz was very proud of his trophies and has not as yet tired of recounting his exciting experiences as a fisherman. Roy Reese also comes in with a bid for recognition with a catch of a six-ounce trout and a cold.
Those who were really fortunate were Frank Coffin who took home 35 pounds, George Robinson, 50 pounds and Charlie Nash who headed the list with a record of 80 pounds.
It is expected that with the fine opportunities which our people have to enjoy good trout fishing, that the riverbanks will be thronged almost every day with enthusiastic anglers.
Business Briefs.
Miss E. G. Gibbs will have her grand spring millinery opening April 4th and 5th and the days following. This year Miss Gibbs' stock of millinery is far ahead of anything seen in Reno heretofore, and that is saying a great deal, for the riverside town has a reputation of being strictly up to date.
Steve Williams has started off the bicycle season. Watch for his advertisement in to-morrow's issue. Mr. Williams handles one of the best wheels on the market to-day—the White. The records of last year were made with this wheel. The price is no higher than on any other wheel. The Crescent is another wheel that is the equal almost of the White. Mr. Williams has had much experience in the bicycle business. Give him a call when you want to purchase a high grade bicycle for a low grade price.

A NEW RENO HOTEL

Dromiack & May Talk of Constructing a First-class Resort

Reno is destined to have a modern hotel. At least Messrs. Dromiack and May have expressed themselves to that effect.
Yesterday the rumor became current that a four-story hotel of modern architecture was to be constructed in the Riverside town. Such an event caused considerable comment as Nevada to date has but few first class hostleries.
When seen regarding the information, these gentlemen seemed willing to impart any data required.
"Is it so, Mr. Dromiack, that you intend constructing a modern hotel in Reno?"
"It certainly is, and what is more, I intend to make my property one of the most modern in the west. Nevada is in need of a hotel of modern architecture, and Mr. May and myself intend to supply the long felt want, as it were, and will provide nothing but the best."
"The hotel will be a four story affair and will cover the entire lot—75x100 feet. Undoubtedly our furniture will be ordered from the east and will consist of rosewood and oak exclusively. Each room will be provided with a separate bath tub and electric lights and appliances will be installed."
"What do you think will be the cost?" was asked of Mr. May.
"Well, to make a conservative estimate, I think \$40,000 will cover the main outlay, though it may take more to cover the entire outlay. We will place porcelain tubs in each room and a first-class cafe in conjunction. Everything will be first-class throughout. The cost from a hasty personal of the plans is estimated at \$40,000. Louis Cohn, well known in Nevada and on the coast, will be business manager. Ground will undoubtedly be broken as soon as this storm is over."

Ormsby County Primaries.
The Republicans of Ormsby county will meet in the Carson Courthouse tomorrow evening for the purpose of selecting delegates to be voted for at the primaries on April 8th. Of course the Republicans will elect their delegates, but from a careful review of the situation they have no earthly chance of carrying off the political honors this fall.

WOODMEN WELCOMED.

Reno Lodge Gloriously Entered by Their Carson Brethren.

A good-sized delegation of members of the Reno Lodge, Woodmen of the World, left in a special car for Carson last Saturday evening. They went as the guests of Ormsby Camp, and to say that the capital city people treated their guests well would but mildly express it. There was nothing too good for the Reno people. The visiting members were escorted to the lodge room by about fifty Woodmen, led by the Carson band.
After going through the drill work of the order the way was led to a banquet room where a sumptuous feast was spread to which all did justice, during the progress of the feast a string band discoursed sweet music to the feasters.
A short but interesting program was also rendered, members from both lodges taking part. The party returned the Reno on the regular train Sunday.

A Night of Terror.

"A wful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought that she must soon die from pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50 cents and \$1. Trial bottles free at S. J. Hodgkinson's drug store.

A cold wave struck Carson valley the first of the week and killed all the plum and peach blossoms. In most localities the apple trees were not far enough along to be injured by the frost. If we are fortunate to escape another freeze, there will be some apples and late cherries this year.—Courier.

Thus far the fruit crop of this section has not been injured, but considering the liability of cold snaps occurring for several weeks to come, it is more than probable that the crop will be small, if not a complete failure.

VERDI HAPPENINGS.

Items of Interest From Our
Lively Little Town up
the River.

As was expected the trout season opened here Sunday morning with a rash.

Anglers of all sizes were out bright and early, and as the catch would indicate they were well pleased with the first day's sport.

Twenty-five pounds was the average catch per man for the experts, while the less experienced seemed elated at having captured one or two.

Officer Wees, in searching for poachers Wednesday afternoon, found a box anchored in the river which contained about one hundred and fifty pounds of trout which had evidently been taken from an irrigating ditch near by. He liberated the fish and destroyed the box. He also liberated about forty large fish Saturday near the Roberts creek, east of Verdi. As yet no protest has been made in regard to the proceeding. However, Mr Wees will be pleased to do business with the owners.

About 500,000 eggs will have been taken by the close of the spawning season. This will go a long way toward replenishing the stream.

C. A. Vogelsang, deputy fish commissioner of California, visited the hatchery last week on his homeward trip. Mr. Vogelsang succeeded in catching a poacher near Martis creek.

SHORT ONES.

April 1st the Verdi Mill Company succeeded to the general merchandise business of O. Lonkey. The store will be divided into departments. This is probably the initiative in the building of the company's new mill and railroad. Captain J. H. Roberts, O. Lonkey and Hon. J. F. Ondon are the owners and are bringing Verdi to the front in a gratifying manner.

Frank A. Sieke of Sacramento has been assisting in the taking of stock at Lonkey's store.

M. Silva, an employe of the Verdi Mill Co., met with an accident Thursday, which resulted in his being severely cut in the knee by a circular saw. The injured man was taken to Reno where a physician attended him.

E. A. Bates, who does the road work in this district, says the cost of opening Front street to the factory would be very small. This work should be done by all means.

Owen T. Stackpool left for Keswick Saturday, where he takes a position as operator for the S. P. Co.

R. L. Fulton spent Sunday in Verdi. Mrs. Hastings and children are spending a few days in Reno.

A Monster Devil Fisk.

SUMMONS.

IN THE SECOND JUDICIAL DISTRICT Court of the State of Nevada, in and for Washoe county.

The State of Nevada sends to M. S. Cleveland, CLEVERING:

You are hereby required to appear in an action commenced against you as defendant by Frank E. Horn as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service), if served in said county, or twenty days if served out of said county, but within said district and in all other cases, forty days; or judgment by default will be taken against you according to the prayer of said complaint.

The action is brought to recover the judgment and decree of said court re-forming a certain deed, and the execution thereof, made and delivered by said defendant to the plaintiff on or about the 1st day of January, 1894, conveying to plaintiff certain lands in Township 30 N., R. 18 east, in Washoe county, described in plaintiffs complaint, and to quiet plaintiffs title to said lands and remove a cloud from plaintiffs title thereto; and for general relief. All of which will more fully appear from the complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the Seal of said Court, at Reno, this second day of March, A. D. 1900. F. B. PORTER, Clerk of the Second Judicial District Court of the State of Nevada, in and for Washoe county. 9mhwc

To Whom It May Concern.

STATE LAND OFFICE.

CARSON CITY, Nev., Jan. 31, 1900 Notice is hereby given that the State of Nevada, under the act of Congress approved June 10, 1880, (46 Stats.) of the above in the United States Land Office at Carson City, Nev., List No. 27, of lands selected under said act, and has applied for a patent for said lands; that a part of said list is open to the public for inspection, and a copy thereof, by descriptive sub-divisions, has been posted in a convenient place in said United States Land Office at Carson City, Nevada, for the inspection of all persons interested and the public generally.

Within the next sixty days following the date of this notice protests or contentions against the claim of said State of Nevada to any tract or sub-division described in the list, on the ground that the same is more valuable for mineral than agricultural purposes, will be received and noted by the Register and Receiver of the United States Land Office at Carson City, Nev., for report to the General Land Office at Washington, D. C.

The following are the sub-divisions described to-wit: SW 1/4 of SB 1/4 Sec. 10, T. 17 N., R. 10 E. M. D. 13, and M.—10 acres.

R. D. KELLEY, State Land Register of the State of Nevada. Date of first insertion, Feb. 3, 1900.
